

## ***Environmental Ethics – Winds of Decisions***

The Coastal Plains Chapter is pleased to host another pre-Conference Workshop this year to be held on June 6, 2019 from 2 pm to 5 pm CST. Our format will be like last year and will cover three aspects of our workshop topic, “Environmental Ethics.” Participants will be divided into three group roundtable discussions.

The round table discussions will be organized in three 45-minute group sessions and each registrant will have the opportunity to participate in each session throughout the afternoon. We believe this format will provide a great networking/discussion opportunity for our participants.

We have a moderator of the Workshop and each group will have a facilitator to introduce a topic. We are pleased to have a diverse group of facilitators covering legal, business and engineering topics. Our tentative schedule is as follows:

<b>Topic</b>	<b>Facilitator</b>
Introduction/Instructions	Susan Kennedy, QEP – Coastal Plains Chapter AWMA Vice Chair
Round Table 1: “Engineering and Regulations”	Dawn Templin, PE – FDEP NW District
Round Table 2: “Separating Legal, Moral and Ethical Decision”	Dennis Mitchell, CPA, QEP – Coastal Plains Chapter AWMA
Round Table 3: “Legal Perspectives”	Robert Manning – Hopping Green & Sams
Wrap-up and Final Discussion	All

\*General PDPs and CEUs will be available.

Please contact Susan Kennedy ([susan.kennedy@nexteraenergy.com](mailto:susan.kennedy@nexteraenergy.com)) or Cheyenne Whitmire ([Cheyenne.Whitmire@testamericainc.com](mailto:Cheyenne.Whitmire@testamericainc.com)) for more information.

\*We are currently attempting to have this course approved as a Florida Board Certified PE Ethics Course, but at this time cannot guarantee it will qualify. General PDPs and CEUs will be awarded regardless.
