5) What topics or speakers would you like to see in the future? (Text response)

- a. Regulatory Update
- b. Environmental Management Systems
- c. Updates on EPA and DEP rules - what is under development, what has recently passed and what is on the horizon for development and becoming effective.
- d. New technologies.
- e. It would be nice to have a general introduction of the DEP Northwest District Office staff - to learn more about them and their roles, etc.

6) Any additional comments or suggestions for improvement? (Text response)

- a. Allow more than 30 seconds for survey responses during the virtual meeting.
- b. The part before the speaker was too long; polls were good
- c. I had some problems with the video part that is likely my fault due to not knowing my phone very well.
